Product Warranty

What The Warranty Covers:

ICW International warrants that this product, under normal use, is free from any defects in material and workmanship during the warranty period. ICW will, at its sole discretion, repair or replace the product with the same or like product.

How Long The Warranty Is Effective:

All ICW components, except gas cylinders, are warranted for 5 years, unless otherwise noted. Gas cylinders are warranted for 2 years.

Who The Warranty Covers:

ICW extends the warranty to the first consumer purchaser when sold by ICW or an authorized dealer/distributor.

What The Warranty Does Not Cover:

1. Damage, deterioration, or malfunction resulting from: accident, misuse, neglect, fire, water, lightning, or other acts of nature; unauthorized product modification or failure to follow instructions supplied with the product; repair or attempted repair by anyone not authorized by ICW International; removal or installation of the product; use of supplies or parts not meeting ICW International's specifications; normal wear and tear.
2. Any products used for rental purposes.
3. Removal, installation, or set up service charges.

How To Get Service:

To obtain service under warranty, you will be required to provide the following:

1. The original dated invoice
2. Your name
3. Your address
4. A description of the problem
5. The part number and color

For information about receiving service under warranty contact ICW Customer Support at 1-877-770-3154 or sales@icwusa.com.

Return Policy

1. Contact ICW by phone or by completing the RMA request form provided on our website at www.icwusa.com/rma. Requests for return of standard products will be accepted within 30 days of the date of invoice. No return requests will be granted for discontinued products or custom products, including custom paint or coating.
2. Merchandise must be returned in its original packaging; must prominently display the RMA number on the packaging; and include a copy of the RMA with the product. Customer is responsible for return freight costs and any damages caused in shipping. ICW must receive the product within 15 days from the issue date of the RMA to ensure proper credit.
3. Unauthorized returns or any returned merchandise that does not have an RMA number will be refused by ICW and returned to the customer at the customer's expense.
4. No restocking fee will be charged if the RMA is requested within 30 days from invoice date and the product returned is in perfect condition and in its original packaging within 15 days.
5. A minimum 25% restocking fee will be charged for products returned after RMA expiration (15 days from issue date) or RMA Requests received later than 30 days from invoice date. Restocking fees will be determined upon ICW inspection of product when received. Product that has been damaged will also incur restoration fees.
6. No RMA's will be issued after 60 days from invoice date.

Why ICW?

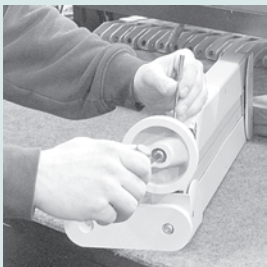

ICW is a U.S.-based manufacturing company with modern facilities located in Medford, Oregon. The company produces high quality commercial mounting systems for computer equipment and other instruments for selected commercial markets. ICW has developed a flexible manufacturing process that allows the company to quickly respond to customer needs.

The ICW product line consists of several families of mounting systems, many of which have been ergonomically designed to modularly interface with each other.

Our product “abilities” are:

- **Extendibility** – Mounting arms in the ICW family have the longest reach in the industry.
- **Manageability of Cables** – All mounting solutions are designed to conceal equipment cables.
- **Stowability** – Products are designed to stow a minimal distance from the wall.
- **Flexibility** – Because of the modular design, standard ICW products can meet most customer requirements without customization.
- **Durability** – Arms and mounting systems are ruggedly designed and tested for commercial use.
- **Reliability** – Through testing and field experience, the ICW product stands up to the rigors of repeated commercial use.

ICW Product Families

Features of All Families

- Modular design, satisfying most customer needs
- Ergonomically mounts both keyboard and monitor
- Industry-standard mounting interfaces (VESA)
- Durable powder coating or anodized finish
- Low minimum profile when stowed away
- Products tested in-house and in the field
- Manufactured in the U.S.A.

T2 T2 Series

- Internal cord management
- Rigid arm, no sag
- Horizontal articulation
- Built for high weight capacities
- Positive stop tilt adjustment

Elite Elite Series

- Internal cord management
- Counter-balanced vertical lift
- Up to 70" of reach – among the longest in the industry
- Positive stop tilt adjustment

Ultra Ultra Series

- Mounts to radius arm, desk, wall, pole, floor, or ceiling
- Friction-based tilt adjustment
- Wire management channels

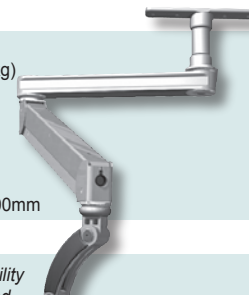

Disclaimer

Monitors, keyboards, mice, laptops, and computers shown in this pocketbook are for illustration purposes only and are not included with the mounting product.

T2 Elite Ceiling Mounts

Specifications

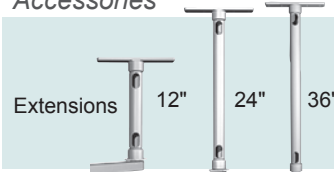

Finish: Gray or black
 Weight capacity: 28 lbs (12.7 kg)
